1.0 EXECUTIVE SUMMARY

1.1 Program Summary

In November 2004, voters of the City of Los Angeles passed the Proposition O – Clean Water Bond, authorizing \$500 million of general obligation bonds for projects to protect public health by cleaning up pollution in the City's rivers, lakes, and beaches. The projects are intended to assist the City of Los Angeles in meeting Federal Clean Water Act requirements. Proposition O – Clean Water Bond will also fund improvements to protect water quality, provide flood protection, increase water conservation, provide habitat protection, and create open space.

This monthly progress report summarizes the status of activities and progress of the Proposition O – Clean Water Bond program, for April 2015.

1.1.1 <u>Citizens Oversight Advisory Committee (COAC)</u>, <u>Administrative Oversight</u> Committee (AOC), and Other highlights

- At the April 20, 2015 COAC meeting the COAC approved to move forward with the Memorandum of Understanding for the Westchester Stormwater Best Management Practices (BMP) project between Los Angeles World Airports and the BOS. The COAC was given a verbal presentation of the Proposition O March 2015 monthly report by BOE. The COAC was also given a verbal presentation by the BOS on project status updates. The COAC discussed restructuring the COAC meetings for improved efficiency.
- The April 30, 2015 AOC meeting was canceled; there were no urgent matters needing action.

1.1.2 Key Issues

• Temescal Canyon Park BMP Ph II & Penmar Water Quality Improvement Ph II Projects

- o **Issue:** Dept. of Recreation and Parks (RAP) consideration to establish project easements and to obtain project approval from the Board of RAP.
- Status: Prop O staff presented Board Reports for project approval, construction right-ofentry and establishment of permanent easements to the RAP Facility Repair & Maintenance Commission Task Force on March 4, 2015. The Task Force approved the reports to be scheduled for the full RAP Board.
- Action: Prop O staff is working with RAP staff to schedule the reports for full Board.
 Prop O staff is also working with BOE's Real Estate Division to begin preparation of the easements required by the reports, after they are approved by the RAP Board.

Westchester Stormwater BMP Project

- o **Issue:** Land use agreement between the City (BOS) and Los Angeles World Airport (LAWA) has not been finalized.
- Status: BOS has received a letter of intent to move forward with the project on the original plan site.
- Action: The Boards of Airports and Public Works approved the MOU between BOS and LAWA. The MOU was approved by the City Council and signed by the Mayor. The AOC authorized the initiation to re-start design. To better conform with the terms of the MOU, this project was renamed the "Argo Drain Sub-basin Facility Project". All outstanding issues with this project have been concluded; the Westchester Stormwater BMP Project will be replaced with the Argo Drain Sub-basin Facility project in future Monthly Report.

1.1.3 Prop O Awards

• Elmer Avenue Green Street Project

National Association of Clean Water Agencies 2011 Operations and Environmental Performance Award

Institute for Sustainable Infrastructure Envision Platinum Award

South Los Angeles Wetlands Park

Construction Management Association of America – Southern California Chapter 2013 Project Achievement Award – Parks less than \$10M

Institute for Sustainable Infrastructure Envision Platinum Award

American Council of Engineering Companies - 2014 Engineering Excellence Awards Competition National Recognition Award

• Echo Park Lake Rehabilitation Project

Engineering News Record - California 2013 California Best Projects (Southern California) – Water/Environment

Prop O Awards cont'd

American Public Works Association – Southern California Chapter 2013 BEST Project Award - Drainage, Water and Wastewater

American Society of Civil Engineers – Metro Los Angeles Branch 2013 Outstanding Public Civil Engineering Project – (Water) over \$10M

American Society of Civil Engineers – Los Angeles Section 2013 Outstanding Government Civil Engineering Project

California Water Environment Association - Los Angeles Basin Section 2013 Engineering Achievement Award

Southern California Development Forum 2013 Urban Design and Planning Award

National Association of Clean Water Agencies 2014 Operations and Environmental Performance Award

American Society of Civil Engineers - Region 9 2013 Outstanding Parks & Recreation Project

American Academy of Environmental Engineers and Scientists 2014 Grand Prize for Environmental Sustainability

Construction Management Association of America – Southern California Chapter 2014 Project Achievement Award – Public Works Project

California Preservation Foundation 2014 California Preservation Design Award - Rehabilitation Category

American Society of Civil Engineers - National 2015 Outstanding Civil Engineering Achievement Award Finalist

California Stormwater Quality Association (CASQA) 2014 Outstanding Sustainable Stormwater BMP Project

American Society of Landscape Architects - Southern California Chapter 2014 Quality of Life Design Award - Honor Award, Recreation and Parks

American Society of Landscape Architects - Southern California Chapter 2014 Quality of Life Design Award - Award of Excellence

• Santa Monica Bay Low Flow Diversion Upgrades

American Public Works Association – Southern California Chapter 2013 BEST Project Award – Storm Water Quality

• Rory M. Shaw Wetlands Park

Institute for Sustainable Infrastructure Envision Platinum Award

1.1.4 Project Community Meetings Schedule

The following is a list of Proposition O project meetings with the public that occurred in April and are planned for the month of May.

		COMMUN	IITY MEETINGS		
Date	Time	Project	Group	CD	Location
05/12/15	6:00 p.m.	Machado Lake Ecosystem Rehabilitation	Ken Malloy Harbor Regional Park Advisory Board	15	Harbor Gateway Chamber of Commerce 1400 W. 240 th St. Harbor City, CA 90710
05/13/15	6:00 p.m.	Albion Riverside Park	Public Meeting and Local Volunteer Neighborhood Oversight Committee (LVNOC)	1	Downey Recreation Ctr. 219 S Avenue 18 Los Angeles, CA 90031
5/20/15	10:00 a.m.	Santa Monica Bay LFD Upgrades Pkg 3 Ph 2	PCH Taskforce	11	Pacific Palisades Library 861 Alma Real Dr. Pacific Palisades, CA 90272

1.2 Bond Sales

The following table is a summary of the bond sales that fund Proposition O.

PROPOSIT	ION O BOND SALE	SUMMARY	
General Obligation Bonds Approved by \	/oters		\$500,000,000
Total Bond Sales to Date			\$439,500,000
Fund 16F July 13, 2005 City Council Approved Bond Sale (Ord. 176839 CF 05-1408)		\$37,000,000	
Bond Interest Earnings (As of Mar 31) Bond Interest Balance (As of Mar 31)	\$3,089,147 \$3,029		
Fund 16M July 21, 2006 City Council Approved Bond Sale (Ord. 177733 CF 06-0600-S37)		\$8,000,000	
Bond Interest Earnings (As of Mar 31) Bond Interest Balance (As of Mar 31)	\$899,279 \$5,179		
Fund 16Q July 22, 2008 City Council Approved Bond Sale (Ord. 180090 CF 08-1706)		\$101,000,000	
Bond Interest Earnings (As of Mar 31) Bond Interest Balance (As of Mar 31)	\$6,318,288 \$108,306		
Fund 16T July 21, 2009 City Council Approved Bond Sale (Ord. 180808 CF 09-1674)		\$176,500,000	
Bond Interest Earnings (As of Mar 31) Bond Interest Balance (As of Mar 31)	\$11,241,990 \$602,203		
Fund 16V July 28, 2011 City Council Approved Bond Sale (Ord. 181755 CF 11-0841)		\$117,000,000	
Bond Interest Earnings (As of Mar 31) Bond Interest Balance (As of Mar 31) Total Bond Interest Earnings to Date	\$5,345,059 \$1,151,250		
Total Bond Interest Earnings to Date (As of Mar 31)	\$26,893,763		

1.3 Project Status Summary

The following table summarizes the projects that are being considered. The projects will be presented to the AOC & COAC for approval.

	PROJECTS										
			Prop O	Funds From Other	Total Business	Date presented to the COAC & AOC					
Project Title	Prop O Funding Funds		Set Aside Funds Request	Sources (if applicable)	Total Project Funding Needed	COAC	AOC

2.1 <u>Project Schedules</u>
The following table summarizes the schedule status for projects in the Program Schedule Update.

The following table summarizes the schedule status for projects in the P	rogram Sch	<u>edule Up</u>	
Description	Ahead	On	Behind
Projects in Pre-Design			
Aliso Creek-Limekiln Creek Restoration		✓	
Argo Drain Sub-basin Facility		√	
Land Acquisition Projects			
Taylor Yard River Park-Parcel G2 Land Acquisition*		ACTIVE	
Projects in Design	· · · · · ·	<u> </u>	
Albion Riverside Park	<u> </u>		
Rory M. Shaw Wetlands Park*			
Projects in Bid & Award			
Penmar Water Quality Improvement Phase II			√
Temescal Canvon Park Stormwater BMP Phase II			√
Projects in Construction			
Avalon Green Alley South			√
Broadway Neighborhood Stormwater Greenway			√
Catch Basin Inserts & Opening Screen Covers Phase IV*		✓	
Machado Lake Ecosystem Rehabilitation		✓	
Machado Lake Phase I (Wilmington Drain)	✓		
Santa Monica Bay Low Flow Diversion Upgrades Pkg. 3 Phase II	✓		
Projects in Post Construction			
Albion Dairy Park – Demolition & Remediation			
Elmer Avenue Phase II: Elmer Paseo			
Temescal Canyon Park Stormwater BMP Phase I			
Projects Completed			
Albion Dairy Park – Land Acquisition*			
Catch Basin Inserts and Coverings Phase I			
Catch Basin Opening Screen Covers Phase II			
Catch Basin Opening Screen Covers Phase III*			
Cesar Chavez Ground Water Improvement* (a.k.a. Sheldon Arleta)			
Echo Park Lake Rehabilitation			
Glenoaks/Sunland Stormwater Capture			
Grand Blvd. Tree Wells			
Hansen Dam Wetlands Restoration			
Imperial Highway Sunken Median Stormwater BMP			
Inner Cabrillo Beach Bacterial Water Quality Improvement*			
Los Angeles Zoo Parking Lot			
Mar Vista Recreation Center Stormwater BMP			
Oros Green Street Peck Park Canyon Enhancement			
Penmar Water Quality Improvement Phase I			
Rosecrans Recreation Center Stormwater Enhancements*			
Santa Monica Bay Low Flow Diversion Upgrades Pkg. 1			
Santa Monica Bay Low Flow Diversion Opdiades Fkg. 1			
Santa Monica Bay Low Flow Diversion Upgrades Pkg. 3			
Santa Monica Bay Low Flow Diversion Upgrades Pkg. 4			
South Los Angeles Wetlands Park			
Strathern Pit Multiuse – Land Acquisition*			
Westminster Dog Park Stormwater BMP			
Westside Park Rainwater Irrigation

Expenditures are estimates, and will be adjusted to conform with approved modified indirect labor rated. Estimated expenditures are shown to assist in monitoring of expenses, and are not intended to be financial statements.

4.0 PROJECT STATUS REPORT

4.1 Project Status Report

A brief status report for each project is provided on the following pages. The report identifies key project information, the planned scope of work, progress date, updated construction costs and percentage complete for all Proposition O projects.

The Percentage Complete at the far right hand column of the diagram uses a color-coding system to designate the current phase of each project.

Turquoise Pre-Design

Yellow Right of Way Acquisition/ Land Acquisition

Red Design

Violet Bid and Award
Green Construction
Blue Post Construction

Progress for each project is tracked by a color-coded pie chart. The color-coding system shows work completed in the darker shade of each color and the lighter shade denotes work to be completed. For example, if a project is in design the pie chart begins as light red. As progress is made, a darker red will indicate the approximate percentage of design work completed to date.

4.2 Project Optimization Status

The table below gives an overview of the optimization scope and status for completed Prop O projects. The optimization tasks for these projects are mandated either by regulatory agency permit requirement, site condition or stakeholders' request.

	Project	Optimization scope	Status
2	Hansen Dam Wetlands Restoration	Mitigation measures implementation and habitat restoration. Project will prepare annual reports for the regulatory agencies for a period of 5 years. Optimization of existing BMP to include stormwater beneficial reuse of the harvested water. The goal is to provide irrigation for the planter boxes adjoining the tennis courts located in the northwest side of the park only. Items to be constructed include pump system, irrigation system, pavement, planter curbing, and installation plantings. The irrigation system will operate as a dual reuse/potable water system. When reuse stormwater is not available for	The last annual report will be submitted in January 2017. The Bureau of Sanitation and the Department of Recreation and Parks have agreed on an expanded project scope which will also include stormwater irrigation of the grass areas west of the tennis courts and south of parking lot along Sawtelle Boulevard. Consultant Engineering Firm is being hired to
		irrigation, the system will automatically use potable water.	prepare the required plans and specifications for eventual construction.

5.0 APPENDIX

PROJECT PHASE	STATUS					
	Complete					
Phase I	7,620 catch basin inserts 7,900 catch basin curb opening screens covers					
	Installations coverage addressed the City's high trash generation areas.					
	Complete					
Phase II	6,400 catch basin curb opening screen covers					
	Installation coverage addressed only a portion of the City's medium trash generation area.					
	Complete					
	24,187 catch basin curb opening screen covers					
Phase III	Installation coverage addressed the low and medium trash generation areas in the Los Angeles and Ballona Creek watersheds.					
	• Completed a special study, <i>The Quantification of the City of LA's Institutional Measures for Trash TMDL Compliance</i> . The study resulted in demonstrating the City's institutional measures having a 13.5% effectiveness in the prevention of trash discharges into the storm drain system.					
	In Progress					
	1,600 catch basin inserts (PLANNED) 1,000 catch basin curb opening screen covers (PLANNED)					
	Completed the field evaluation of 250 catch basins in the Machado Lake watershed for feasibility of curb opening screen covers or insert installation.					
	Completed the field evaluation of 1,150 catch basins in the Dominguez Channel watershed for feasibility of curb opening screen covers or insert installation.					
	• Completed the field evaluation of 1,200 catch basins in the Santa Monica Bay watershed for feasibility of curb opening screen covers or insert installation.					
Phase IV	• Commenced a special study, <i>Evaluation of an Alternative Curb Opening Screen Cover for Trash TMDL Compliance</i> . It is anticipated study would support a more cost effective alternative for future installations. Final study report to be completed by June 2015.					
	Machado Lake watershed catch basin retrofits tentative start date of July 2015.					
	A Request for Proposal is under LASAN review to establish a contract for the fabrication and installation of curb opening screen covers. Anticipate installation start date late Summer or early Fall 2015.					
	Construction ending date: September 2017
